Group 1

Group 2

Group 3

Group 4

Break (10 min)

Online Cultural Program

Conclusion Session (30 min)

Open Discussions

- Open Discussion on **the SDGs** (April 22)
- Will be held in small groups, each in separate **Zoom room**
- Time for discussion: **40 min**
- Each group managed by moderator.
- Main ideas noted, **results announced at Conclusion session**

Topics for Discussion

- Audit of the SDGs as a special area of government audit: main challenges, approaches and innovations
- Audit of the achievement of the SDGs in the period and after the COVID-19 pandemic: new priorities, plans and approaches
- How to assess the relationship and reciprocal effects between different Sustainable Development Goals? Which Goals have the greatest "multiplier" effect?
- Identification of the main stakeholders in the area of the SDGs-related audit

Topics for Discussion

- Enhancing the competence of SAI staff in the area of the SDGs audit
- What is the impact of the SDGs audit on sustainable development in different countries?
- What are the main challenges when auditing the SDGs preparedness and the SDGs implementation?
- What are the weakest points of the global and national SDGs monitoring systems? How to improve the methodology of the development and monitoring of the indicators?

Please distribute your vote between the questions

- You are given 100 voting points for all questions
- You can distribute the points as you prefer

Vote will terminate in 1 min
and we will see the results shortly

Looking forward
to seeing you at the Conference!
